Drain DEFENDER

Proprietary compounds that will combat: Fruit Flies, Grease, Grime, Fats, Oils, Molds and Malodors

Drain-Net's Drain DEFENDER line of products replaces expensive and often hazardous chemical products currently used in the industry to combat fruit flies, grease, grime, fats, oils, molds and malodors. These caustic products invariably do more harm than good. However, our DEFENDER products consist of all-natural, eco-friendly proprietary compounds that will not damage your pipes or drain systems.

Moreover, when used properly in conjunction with each other, Drain DEFENDER products will not only remedy the above issues, but also prohibit fruit flies from reproducing, thus eliminating them completely from the treated areas.

The Drain DEFENDER line of products are light years ahead of any other cleaning and drain solution products on the market today and will save you time, money, and hassle when it comes to keeping your spaces clean and fruit fly free!

The DEFENDER Discs

Drain DEFENDER is a new and advanced drain conditioning system that replaces your existing floor drain cover with our unique, interactive, drain cover-basket system. The DEFENDER Discs abates fruit fly infestation and keeps drain lines free of fats, oils, greases, molds, and malodors.

Outbreak DEFENDER

All natural formula made from food grade ingredients! Contains NO Bacteria, NO Harsh Chemicals, and NO Enzyme! Spray in the air and watch fruit flies fall to their death! No messy residue and the peppermint oil fragrance is refreshing.

UltraFloor DEFENDER

UltraFloor DEFENDER focuses on grease / food waste accumulating on the floor, in grout and cracks, around the drains, under equipment, and hard-to-reach areas. You will be amazed at how this cleaner cuts grease build-up, fatty acids and dirt. Reduces slippery floors!

Fruit Fly Fighter

The Fruit Fly Fighter eradicates fruit flies in hard to reach and concentrated areas of fruit fly population. Spray our proprietary, bacteria based, eco-friendly product on your non-food contact surfaces and let Fruit Fly Fighter wage war on your dirt, grime, grease, and fruit flies!

Floor Sink DEFENDER

The FloorSink Defender is a specially engineered device that is designed to fit within your floor sinks. It takes advantage of our proprietary compound to eliminate fruit flies, oils, fats, greases, and odors that can cause problems. This slow release system keeps working for weeks!

Sink DEFENDER

Sink DEFENDER is a small plastic ball filled with the same proprietary compound as our Drain Defender System. The Sink Defender is an effective release mechanism to prevent fruit flies, remove odors, and keep drain pipes clear.

Beverage Tray DEFENDER & Beer Tap DEFENDER

Put the proprietary disc in your beverage tray. As ice melts or liquids flow over the disc, the slow-releasing disc releases the proprietary bacterial formula throughout the drainline. The active bacteria eliminates fruit flies, mold, odors, and can even clean up the drain line.

Soda Nozzle Cleaner

Give your customers a germ-free soda with our NEW Nozzle Cleaner Dissolving Action Formula! Cleans and eliminates germs while nozzle parts are soaking. Will not crack / deteriorate or harm your nozzle parts like bleach cleaners and works better than soda water.

Green Drains

The Problem

- Sewer odors coming up from dried traps
- Floor drain creating odor issues
- Expensive procedures to replace trap primers
- Drain flies, maggots and roaches coming through the floor drain
- Drain fly breeding issues in floor drains
- Current solutions are chemical-based, ineffective, and hazardous to the environment

The Solution

- One way valve creates seal to eliminate floor drain odor issues
- No more gases from floor drains
- Prevents and blocks bugs from crawling up through floor drains
- Solution to drain flies entering the facility
- Sanitary, eco-friendly and chemical free solution ("Green Product")
- Simple installation & improved drainage quality

Function: Used in the outlet connections of floor drain bodies, or the inside of floor drain strainers to seal the opening to prevent odors, sewer gases, and insects from entering up through the floor drain grate. The GreenDrain's four flexible silicone sealing ribs ensure easy installation into openings that have variations in size. The Green Drain will open to allow drainage and close when there is no water flow. The Green Drain can be used in either new construction or retro-fit applications where trap primers were never installed.
